

## **NEWS for We The People of West TN**

### **Our 1/31/22 Zoom Meeting was a good one with 19 Members present.**

***These 'notes' are from an email Newsletter sent 2-4-22 to all members***

#### **Website Tour**

A 'Tour' of our new Website was shared. Since then, thanks to talented member Markel Briones' graphic skills, we have a wonderful new LOGO as you see above.

All Members of We the People of West TN have been assigned Site Member Status, and given 'accounts'. However, when you go to the site and Log In with your email, you'll need to click on 'Forgot Password' to get an email to which you go to set up a Password for your account. If you'd please fill in your Profile, that would be GREAT! You are in control of what is viewable on your Profile.

NEW Visitors to the website can become 'Members' of our group and 'Site Members' of the website by filling out the Membership Application that pops up on the screen. Action Groups, Meeting Notes, and Financial Transparency are viewable only to Site Members once you log in. ALL Members should read the Membership Guidelines as found on ABOUT.

Action Groups are your 'Hot Button' issues - apply to Join the ones that interest you. Once we see your request to join an Action Group, we'll 'Approve' you and then you can 'View' and Post and follow others in that group. This is where our work will get done!

Resources & Links is a collection of conservative sites and podcasts that align with our principles. We welcome your suggestions for additions. Email them to us at the emails at the bottom of HOME.

The Blog is where your Administrators post news items that we hope you will all read and keep up on.

Meeting Notes is where you can catch up on what has happened at our meetings.

Financial Transparency pops up under Meeting Notes and shares our need for funds to cover Website development/hosting and Zoom Account. Your contributions are welcome and appreciated.

**INVITE your friends to our Website.** We have decided personal invitations are best, rather than pushing it on Facebook.

#### **Medical Freedom was the main topic of discussion.**

A working Committee was formed to address what came to light regarding government payment to hospitals for Covid patients. To get 'up to speed' on what was discussed, join the Medical Freedom Action Group. Also read the Blog Post [HERE](#). Be prepared - it will distress you to learn these facts.

#### **Education Opportunity**

Check out the post in Constitution Education Action Group regarding a Webinar with Michael Farris - Founder of Convention of States. It is coming up next Wednesday evening at 7 our time. Click [HERE](#) to register.

Our meetings always begin and end with prayer.

From Give Him 15 of 2/3/22

Father, please bring revelation to the church of our responsibility to pray for Your turnaround in America. May the spirit of intercession come afresh and anew on us. May we see clearly where we are in history. And may we see just as clearly that we have what is needed to turn the tide. Awaken us, please!

Speak to pastors and leaders, revealing where we are in our nation and also throughout the earth. Remove distractions from us, and veils of deception that cause us to feel everything is fine. Make it clear that we are in one of the most critical times in history. Help us to see that our individual congregations, our careers, our personal plans and dreams are not what is most important at this point in time. Please bring prophetic revelation, lest we miss our moment in history. In Your name we pray, Amen.

Our decree:

We decree that the 21st-century church will not miss her opportunity to help Yahweh save the world.
